How Far Is That?

Open the map. <http://goo.gl/ZJfEOL>

Use the measure tool to find out the distances.

1. How wide is Texas? _____ miles; _____ meters
2. How tall is the Gulf of Mexico? _____ miles; _____ meters
3. How far is it if you drive from California to New York? _____ miles; _____ meters
4. Imagine all the states are puzzle pieces that we can move. We measured Texas. Measure some other smaller states.

If we lined up smaller states across Texas, what states would fit the same distance?
